The Governing Body consists of five council members, with one elected at-large and four elected by districts on a non-partisan basis. All district members are elected to four-year terms; the at-large member is elected to a two-year term. The mayor and vice-mayor are then selected for a one-year term by the council members. The City enacted term limitations for the council in 1994 and no one shall serve consecutively for more than one partial term plus two consecutive four-year terms.

The Council establishes and sets the policy of the City. The Council hires a city manager to carry out the policies and laws of the City, to administer the approved budget, serve as the chief administrative officer of the City and to conduct the daily business of the City.
